

Hello Everyone!

It's Cybersecurity 1st Friday!

Welcome back to our April 4th event!

Remember that you are required to register for the event and check in once you get to the NCC!

This month we will hear from Vic Dhanecha, Program Manager, Veteran Recruitment and Partnerships at ActiveWork. He will explain what services and opportunities are available from their organization.

We will also get an update from Ray Schouten and Anessa Funk on the latest developments in technology from their organization Secure Quantum Services.

We will get to see what the UCCS Cyber students are up to as they present some of their research and offer more in-depth discussions during the networking portion of the event with their research posterboards.

Finally, we will hear from Blake Schwank, CEO and founder of CCS IT Pros as he provides an update on their MSP services. CCS IT Pros is the event sponsor for April, so be sure to thank them!

This month's food truck is: For the Love of Frybread: <https://fortheloveoffrybread.com>

We will have updated community announcements and other event dates as well and we will have some additional Cybersecurity First Friday merchandise.

April's First Friday will be held at the National Cybersecurity Center and is co-hosted by the Murray Security Services and Colorado Springs Chamber & EDC.

REGISTRATION IS REQUIRED: www.cybersecurityfirstfriday.com

Please create an account and/or register for April's Cybersecurity First Friday on our website!

So, grab your favorite beverage and join us.

Hope to see you there!

Shawn & Vinnie
