**VIRTUAL FIRST FRIDAY**

## **CYBERSECURITY SOCIAL & MIXER FOR JANUARY!**

**JOIN THE COLORADO SPRINGS CYBERSECURITY COMMUNITY  
FOR SOCIALIZING & NETWORKING**

Connect with local cybersecurity professionals for a casual gathering the “First Friday” of every month beginning at 4 p.m. Join cyber peers to share information and learn about the growing cybersecurity ecosystem in Colorado Springs. No cost to attend.

This month you’ll hear from the new CEO at the National Cybersecurity Center, Lt Gen (Ret) Harry D. Raduege, Jr. He will share his vision and provide an update on future NCC initiatives and activities. We’ll also discuss the FireEye identified SolarWinds supply chain hack called SUNBURST, which introduced malware into federal government agencies, and the (unrelated) SUPERNOVA backdoor malware. Finally, we’ll have breakout rooms for networking and socializing.

January’s Cybersecurity First Friday will be held on-line using Zoom. To attend, please register at the following [link](#).
